RULES AND ORDERS

OF THE

COMMON COUNCIL.

1. Upon the appearance of five members, the President, or in his absence, a President *pro tem.*, shall take the chair, and the members shall be called to order.

2. Whenever the President may wish to leave the chair, he shall have power to substitute a member in his place, provided that substitution shall not continue beyond the day on which it is made.

3. In case the President shall not attend, the Clerk on the appearance of five members, shall call the Board to order, when a President *pro tem.* shall be appointed by the Board for that meeting, or until the appearance of the President.

4. Immediately after the President shall have taken the chair, the minutes of the preceding meeting shall be read by the Clerk, to the end that any mistake therein may be corrected by the Board.

5. The President, in all cases, has the right of voting ; and when the Board shall be equally divided, including his vote, the question shall be lost.

6. Whenever it shall be moved and carried that the Board go into a Committee of the Whole, the President shall leave the chair, and shall appoint a Chairman of the Committee of the Whole, who shall report the proceedings of the Committee.

The rules of the Board shall be observed in the Committee of the Whole, except the rules regulating a call for the ayes and nays, and limiting the time of speaking.

7. On motion in Committee to rise and report the question, it shall be decided without debate.

8. No amendment shall be allowed in the Board on any question which has been decided in Committee of the Whole, unless by consent of two-thirds of the members present.

9. The President shall cause the Clerk to make a list of the Ordinances, Resolutions or Reports on the table, which shall be considered "The general orders of the day."

THE ORDER OF BUSINESS,

which shall not be departed from, except by the consent of five members voting therefor, shall be as follows :

1. Presentation of Petitions.
2. Reports of Committees.
3. Communications and Reports from the Departments or Corporation Officers.
4. Motions or Resolutions.
5. Unfinished Business.
6. Special Orders of the Day.
7. General Orders of the Day.

10. Messages or papers from the Mayor or other Board, may be considered at any time.

11. If the question in debate contains several points, any member may have the same divided.

12. When a question has been once put and decided, it shall be in order for any member who voted in the majority, to move for the reconsideration thereof ; but no motion for the reconsideration of any vote shall be made after the Ordinance, Resolution or Act shall have gone out of the possession of the Board ; and no motion of reconsideration shall be made more than once.

13. A motion to refer or lay on the table, until it is decided, shall preclude all amendments on the main question.

14. No Ordinance or Resolution sent to this Board from the other Board for concurrence, shall be called up for final passage on the same day on which it has passed the other Board, unless by a majority of two-thirds of the members present voting to consider it finally.

15. It shall be the duty of the Clerk to certify and send to the other Board every Act, Ordinance and Resolution which has originated in and passed the Board of Assistant Aldermen, and which requires a concurrent vote of the Board of Aldermen ; and the Clerk shall certify to the other Board the proceedings of this Board in reference to all Acts or business originating with the other Board.

16. The President shall preserve order and decorum, and shall decide questions of order, subject to an appeal to the Board.

17. Every member, previous to his speaking, shall rise from his seat and address himself to the President.

18. When two or more members shall rise at once, the President shall name the member who is first to speak.

19. No person shall speak more than twice to the same question, without leave of the Board ; nor more than once until every member choosing to speak shall have spoken ; nor more than once upon the previous question.

20. No question on a motion shall be debated or put, unless the same be seconded. When a motion is seconded, it shall be stated by the President before debate ; and every such motion shall be reduced to writing, if any member desire it.

21. After a motion is stated by the President, it shall be deemed to be in possession of the Board ; but it may be withdrawn at any time before decision or amendment.

22. When the question is under debate, no motion shall be received, unless :

1. To amend it.
2. To commit it.
3. To lay on the table.
4. To postpone.
5. The previous question.
6. To adjourn.

23. A motion to adjourn shall always be in order, and shall be decided without debate.

24. The previous question, until it is decided, shall preclude all amendments and debate of the main question, and shall be in this form : "Shall the main question be now put ?"

25. Every member, who shall be present when a question is put, shall vote for or against the same, unless the Board shall excuse him, or unless he be immediately interested in the question, in which case he shall not vote ; but no member shall be permitted to vote upon a question when a division is called, unless present when his name is called in its regular order.

26. A member called to order, shall immediately sit down, unless permitted to explain ; and the Board, if appealed to, shall decide on the case, but without debate. If there be no appeal, the decision of the chair shall be submitted to.

27. All questions shall be put in the order they are moved, except in filling up blanks, the longest time and the largest sum shall be first put.

28. Upon a division of the Board, the names of those who vote for, and those who vote against a question, shall be entered upon the minutes ; not only in the case required by law, but when any two members shall require it, "and in all appropriations of public money, the ayes and nays shall be called by the Clerk, and recorded."

29. In all divisions taken by the Board, on the call of a member, it shall

also be the duty of the Clerk to enter on the minutes the names of the members so calling for a division.

30. An appointment of officers shall be by ballot, unless dispensed with by the unanimous consent of the Board; and a majority of the whole number present shall be necessary to constitute a choice.

31. No member shall absent himself without permission from the President.

32. All Committees shall be appointed by the President, unless otherwise ordered by the Board. Committees appointed to report on any subject referred to them by the Board, shall report a statement of facts, and also their opinion thereon, in writing; and no report shall be received unless the same be signed by a majority of the Committee.

33. Whenever the doors are directed to be closed, all persons, excepting the members and the clerk, shall retire.

34. Every petition, remonstrance, or other written application, intended to be presented to the Common Council, is to be delivered to the President, or any other member of the Board, on any day, but not later than four o'clock on the day on which the Common Council convene, except on extraordinary occasions; and the President or other member to whom it shall be given, shall examine the same, and indorse thereon the name of the applicant and the substance of such application, and sign his name thereto; which indorsement only shall be read by the President, unless a member shall require the reading of the paper, in which case the whole shall be read.

35. The members of the Board shall not leave their places on adjournment, until the President leaves the chair.

36. The President may call special meetings of the Board, whenever, in his judgment, the interests of the city may require it.

37. The President shall be, *ex officio*, a member of all committees; but a majority of such committee, exclusive of the President, shall be sufficient to agree upon a report.
